## WHO IS PELICAN?

A Louisiana based general agency formed in 1998 that is committed to writing a profitable book of commercial insurance products through a select group of independent agents. Good underwriting begins with good agents. The agent selected by Pelican will be familiar with the businesses in their area and does business directly with the insured. We will strive to develop a working relationship with our agents so that they will have the information that our underwriters will require for a great submission. We can not only evaluate the risk but assist the agent by offering services before-hand that result in writing the business properly.

## PELICAN'S MISSION

Pelican General provides select independent agents with the ability to write all types of commercial insurance products for their customers. Pelican manages numerous programs through non-admitted "A" rated insurers. Our principals, executives and staff are dedicated to developing solid relationships and to continuously improving the trust of the agents we serve. We strive to be the commercial insurance provider of choice within our region and the best servicing institution in the states we do business.

## PELICAN'S PROMISE

Provide quality service at a fair price.  
Have a work environment that inspires and empowers people to perform to their full potential.  
Be financially strong while demonstrating responsible stewardship of our public trust.  
Continually improve our leadership position as a general agent and increase the value of our service.  
Always place the customer first and strive to exceed their expectations.  
Treat every person with respect, care and compassion.  
Never miss an opportunity to serve.

## YOU WANT IT? PELICAN HAS IT!!

Insuring risks in your own backyard...  
Using "A" rated carriers
